Sovereign AI Infrastructure

Your infrastructure. Your keys. Your control.

Decision Crisis Immunization Infrastructure

THE SOVEREIGNTY CRISIS

Cloud AI Is a Liability for Regulated Enterprise

- **CLOUD Act** — US gov can compel disclosure from US-based providers
- **GDPR Article 48** — Prohibits transfers based on foreign government orders
- **ITAR/EAR** — Export control prohibits foreign access to controlled data
- **Critical infrastructure** — Power, water, telecom cannot use cloud AI
- **Intelligence community** — Classified data cannot be exposed externally
- **Financial regulations** — DORA requires operational resilience for AI systems
